

Lac Echo Suite

D

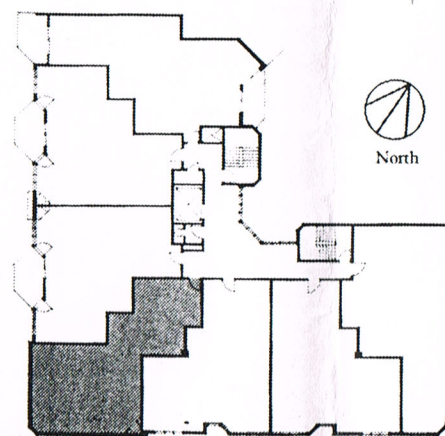

Lac Echo Suite

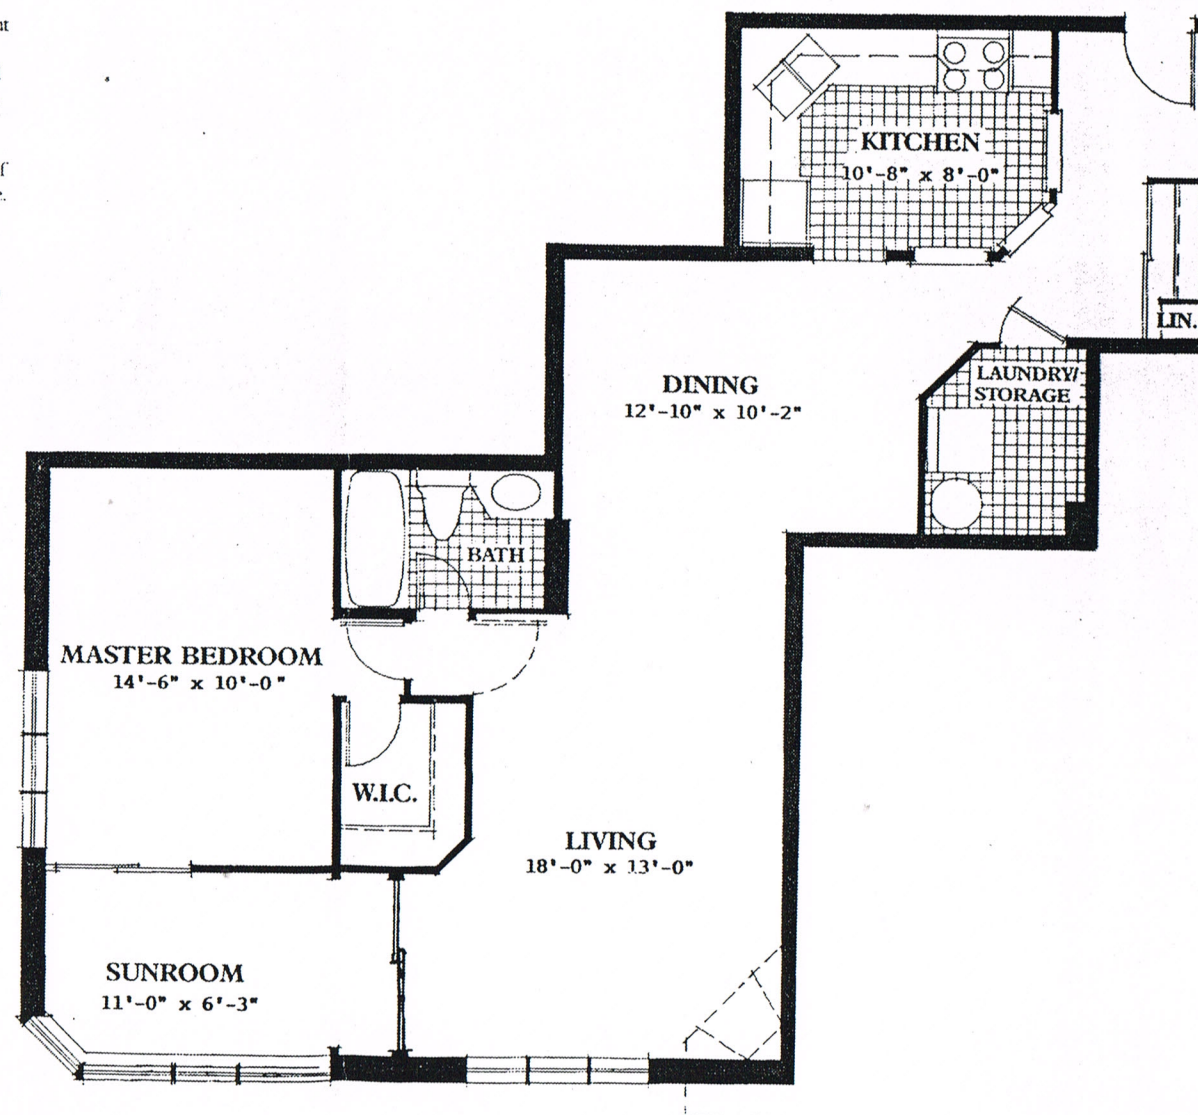

The Lac Echo Suite is a truly spectacular one bedroom apartment with a separate den, ensuite storage and laundry. An efficient and comfortable eat-in kitchen opens to the dining area, and this is very light and airy. Its ample dining area is bright and spacious and affords beautiful views as you dine. The living room is truly special with nothing but windows offering spectacular views of parkland and Dows Lake from one direction and opening onto a beautiful sunroom/den in the other. Upper floors have the added advantage of inviting fireplaces. The sunroom is the wonderful bonus of this home. It is a very special space with windows, windows, windows and views, views, views!

The spacious master suite has its own four-piece bathroom and large walk-in closet together with even more windows and patio doors to the sunroom.

The Lac Echo Suite's abundance of natural light makes it unique among living spaces in the National Capital Region.
